- Ohio residents in grades 7-12; enrolled at a public/private high school or homeschooled
- Take a variety of courses at any public and participating private college in Ohio
- Courses held at the high school, on a college campus, or online

How can students participate?

Step 1: Eligibility

- A student is eligible for the College Credit Plus program if the student meets any of the following criteria:
  - Obtains a remediation-free score on one of the standard assessment exams
  - Has a cumulative unweighted high school grade point average of at least 3.00

How can students participate?

Step 2: College Admission

- Students must apply for admission at each institution
  - Admission is reviewed per the requirements of the college or university; contact the college to find specific information
- College applications include the permission slip for mature content and a questionnaire about emotional maturity
- Colleges have the final decision on student admission

How can students participate?

Step 3: Course Registration

- The college will discuss course options with the student, based on assessment scores, prerequisites, and other requirements
- School counselors can help students understand graduation requirements and CCP course substitutions
- High schools and colleges develop 15 and 30 credit hour pathways to help you determine your plan

Course Eligibility Rules

Students must complete their first 15 credits in Level I courses, which include:

- Transferable courses
- Courses in IT, Computer Science, Anatomy & Physiology, foreign language
- Courses that are part of a technical certificate
- Courses that are part of a 15- or 30-credit pathway

- If a student enrolls in more than 30 credits for the year, they can:
  - Drop the course prior to the no-fault withdrawal date
  - Pay for the entire course at the college's standard rates (Option A)

Additional Considerations

Grades

- The final grades earned in the college course are the same grade that will be on the high school transcript
  - CCP course grades will be factored into the high school and college GPAs

Grade Weighting

- High schools must weight all advanced standing courses in a subject area consistently(CCP, AP, IB, Honors)

Additional Considerations

Selective Service

- Male students who are at least 18 years of age and Ohio residents are required to be registered with the Selective Service System
- Students are required to provide their Selective Service number to the public college or university within 30 days of their 18th birthday
- Failure to submit the Selective Service number will result in the student not being considered a College Credit Plus participant for that semester or term

What is College Credit Plus?

College Credit Plus (CCP) is Ohio's dual credit program for students in grades 7–12. Students may earn both high school and college credit by taking courses at their high school, on a college campus, or online through participating institutions.

How to Participate

Step 1 — Eligibility

Students qualify if they meet at least one of the following:

- Obtain a remediation free score on a standard assessment exam.
- Have a cumulative unweighted high school GPA of 3.00 or higher.
- Have an unweighted GPA between 2.75–2.99 and earned an A or B in a relevant course.

Step 2 — College Admission

Apply to each college individually. Colleges review admission per their policies; applications include permission for mature content and an emotional maturity questionnaire.

Step 3 — Course Registration

Students meet with college advisors and high school counselors to select courses that meet prerequisites and graduation requirements. 15- and 30-credit pathways are available to guide planning.

Course Eligibility & Limits

Level I courses (first 15 credits) typically include:

- Transferable general education courses
- IT, Computer Science, Anatomy & Physiology, Foreign Language
- Courses part of technical certificates or 15/30-credit pathways
- Study skills, academic success courses

Non-Allowable Courses

Examples include private applied lessons (one-on-one), study abroad, high-fee courses, physical education, pass/fail graded courses, remedial, or sectarian/religious courses.

Credit Limits

- Up to 30 college credits per academic year (formula: 30 – (HS units × 3) = max CCP credits).
- Lifetime limit while in CCP: 120 college credits.

If students enroll in more than 30 credits, options include dropping before the no fault date or self paying at the college rate.

Grades & Academic Standing

- College grades appear on both high school and college transcripts and count toward both GPAs.
- CCP probation occurs for CCP GPA < 2.0 or 2+ course withdrawals in a term. Probation limits enrollment; failure to improve may lead to dismissal.

Consequences & Appeals

Students dismissed from CCP may appeal per local district policy. Grades earned remain on college transcripts after high school graduation and can affect future financial aid (SAP).

Dear College Credit Plus Families,

Thank you for supporting your student's decision to participate in the College Credit Plus (CCP) Program. CCP is Ohio's dual enrollment program that allows your child to complete high school graduation requirements while pursuing a higher education pathway to an in-demand career. Students taking CCP courses are considered both high school and college students. Due to this unique status, we recognize the potential for confusion related to the Federal Rights to Privacy Act (FERPA), specifically the parent or guardian's ability to view their student's educational records at the college level. The purpose of this communication is to reiterate the existing law and options for students and parents.

The U.S. Department of Education (USDOE) administers and enforces FERPA, along with the Protection of Pupil Rights Amendment (PPRA). We at the Ohio Department of Higher Education (ODHE) and the Ohio Department of Education and Workforce (ODEW) hope to enhance your experience with CCP by providing some informational resources.

When a minor-aged student progresses through a K-12 school district, the parents and guardians have the right to access educational records and additional information on their student. However, when a student attends a college or university, these rights transfer to the student regardless of their age.

When a minor-aged student participates in CCP, there are several avenues through which the parent or guardian may access the student's college records and information:

- The student may sign a consent form permitting the release of his/her educational records at the higher education institution to the student's parent(s).
- The parent/guardian or student may provide evidence of the student's dependent status for tax purposes under IRS rules.
    - This is completed at the higher education institution, and inquiries should be directed to the institution's staff.
- The higher education institution will share an enrollment roster and final course grades with the high school each semester.
    - There may be additional information the institution shares.
    - The parent/guardian may view any student information sent to the secondary school by the higher education institution that is part of the high school educational record/transcript of the high school.

For more information on FERPA, we recommend visiting the USDOE website on student privacy: studentprivacy.ed.gov. The website includes introductory information on FERPA, guides for parents/guardians to understand their rights, and robust training pages. For more information regarding CCP, please refer to the Ohio Revised Code Chapter 3365 to review statutory requirements of College Credit Plus. Rules applied to CCP may be viewed in Ohio Administrative Code Chapter 3333-1, in sections 65 through 65.14. Both can be found at codes.ohio.gov.

Our teams, which can be reached most easily at ccp@highered.ohio.gov, are available to address questions and aid in conversations with your school district or higher education institutions. Thanks for taking advantage of Ohio's outstanding CCP program.

Sincerely,
